ART, SCULPTURE, AND FINE APPOINTMENTS
ABOUT AT CAMINO ALTOS PLAZA

Rarely does one find more prestige. Camino Altos Plaza is widely regarded as the finest Office Building ever built in this region, and for very good reason. It is considered an emerging Landmark. With lobbies of marble and granite, custom-commissioned art and sculpture, elevator panelled with fine hard wood, bronze mirror and textured brass, elegant suite entrances of polished cherry and faux stonework, and abundant private secured parking – featuring two professionally decorated interior Parque Plazas, you and your clients are in for a treat. From 5-star hotel-quality restrooms, to the Executive Shower Room, whether you take a limo, a car, or walk to work, and whether you bike or jog at lunchtime, you may keep in shape and stay fully refreshed without ever leaving! And with the simple or gourmet meals available to you (at pre-arranged discount) at the beautiful Crowne Plaza Indoor/Outdoor Restaurant next door, and with one adjoining and one local Marriott to choose from for your out-of-town visitors, welcome to the world of unsurpassed business comfort and elegant luxury, a world of unique ambiance: **Welcome to Camino Altos Plaza.**
